MOVING PICTURE FUNNIES.

Out on the picture on all four sides. The carefully fold dotted line 1 its entire length. Then dotted line 2 and so on. Fold each section underneath accurately. When completed turn over and you will find a surprising result. See the pictures.

THE WEATHER.

West Virginia—Fair tonight except for light drizzle. Thursday fair.

Local Readings—F. P. Hall, Ob.

Temperature at 3 p. m. today, 33; yesterday's weather, 34; maximum, 36; minimum, 33; precipitation, 18. River, 150 feet falling.

EVENTS TONIGHT.

Crummington hall—Loyal Order of Moose.
Odd Fellows hall—Palatine Lodge.
A. O. U. M. hall—Ladies of Golden Rule.
W. M. A. hall—Woman's Benefit Association, Maccabees.
Presbyterian church—Semi-annual congregational meeting of First Presbyterian congregation at 7:30 p. m.
Columbia of Commerce—Memorial service of the number of Commerce to meet at 7:30 p. m.

Congregational Meeting—The semi-annual congregational meeting of the First Presbyterian church will be held tonight in the auditorium of the church at 7:30 o'clock. The meeting was postponed from October on account of the epidemic of influenza.

Id from the—Mrs. W. I. Carter, secretary of this city, is very ill from influenza and pneumonia at her home in Charleston. Her daughter, Mrs. J. B. Ketchum, has been called to her bedside.

Pls in Sheriff's Office—Very likely some window got into the city last night on train coming here which was broken. Sheriff's Office is looking for a man who is supposed to have broken the window. The man is supposed to be a "fug" and has been seen in the city. The Sheriff's Office is looking for a man who is supposed to have broken the window. The man is supposed to be a "fug" and has been seen in the city. The Sheriff's Office is looking for a man who is supposed to have broken the window. The man is supposed to be a "fug" and has been seen in the city.

Dr. Fleming's Home—Dr. Fleming, of Camp Dix, N. J., has returned home this morning en route to his home in Camp Dix, Va., where he will remain for a few days. He will return to Camp Dix tonight. Dr. Fleming will probably be released within the next few weeks, when he will return here and resume the practice of medicine.

Arrested for Bootlegging—Sam Strioli, arrested yesterday for bootlegging, was brought before United States Commissioner J. P. Kirby. After hearing the evidence, Commissioner Kirby held Strioli for Federal grand jury at Parkersburg. He was sent back to jail, not being able to furnish bond.

School in Bankruptcy—United States Deputy Marshal Atha at Martinsburg served bankruptcy proceedings against the Old Dominion Academy school at Berkeley Springs yesterday.

Taken Forfeit—In police court today, Mayor Bowen forfeited the \$25 penalty left yesterday by Will Wright, colored, charged with vagrancy.

Deaths Recorded—The following deaths are on record at the county clerk's office: L. Snyder and wife to Emma Grace Heinzelman, land on Chicago street, \$2,200; Edward Brown and wife to Della O. Stewart, land in Westchester addition, \$1,500; A. O. McKee and wife to Adda Reed, land in Ray Watson addition, \$600; John J. Brennan and wife to C. E. Sidwell, land in Barnstow addition, \$2,200; Thomas A. Murphy to Charles L. Starnes, land on Buffalo creek, \$1,000; Anna Doolittle to Frank A. Williams, land in city, \$1,500; Henry A. Williams to O. J. Fleming, land in M. J. C. East side addition, \$1,000.

FRANCE DEMOBILIZING.
PARIS, Dec. 4.—The government has taken all necessary measures to bring the demobilization of all classes of the territorial reserves before the end of February according to the law.

DEMOLITION CAMPS.

BOOZE AND BRUISES IN THIS ROMANCE

Colored Couple in Jail With Two Charges Hanging Over Them.

Pearl Truss, a colored woman about 21, is in jail today after a strenuous career covering some months. Pearl comes from Keyser and claims to have lived on Sixth street with Charles Evans, colored, from September to November. The couple, having some troubles not satisfactorily arranged, Pearl went back home to Keyser, but Evans was not willing to let matters drop in that manner. Last week he visited her at Keyser and the couple arranged to meet at Cumberland for a wedding. The wedding not materializing, Pearl grew revengeful, and after aiding in the packing of 12 quarts of whiskey in a trunk she consented to come to Fairmont with the baggage.

Monday evening Pearl, at that time in this city, received in addition to various other unbargained for treatment, so much of a beating that she decided to appeal to the police. She reached a Sixth street phone in some manner and called for protection. She also told on her husband not to be and officers went to the B. & O. and got the trunk containing the whiskey.

Both man and the woman were brought later to the mayor, who, after finding them, decided it wasn't his case, and turned them over to the county. The county made due reflection, decided the case belonged to the federal government. This morning the federal state marshal's office authorities say they will investigate and may prefer a charge of white slavery against Evans. It is a question, however, whether that charge or one of bootlegging will be preferred against the couple. Both are in jail, which is not the place Pearl intended to go when she called the officers. Evans is a glass worker of this city.

MEMORIAL HALL

(Continued from Page One)

county has been long felt, and in the fulfillment of which we could do a lasting honor to those who have laid their lives for the country. And I take leave to suggest a Marion County Soldiers' and Sailors Memorial, expressed in a Memorial Hall. Such a project could be so designed as to effectively express within and without its commemorative character. And would provide the facilities for the advancement of the principles for which American men have been glad to lay down their lives.

The feature of the hall would be a large auditorium, adequate for the accommodation of all patriotic and memorial services; conventions, and any gathering assembled for the promotion of the welfare of the community. About the auditorium might be grouped quarters for a public library, a museum for the safe keeping and display of objects closely identified with the history of the county, and a smaller hall in which tablets, or other memorial devices, might be placed. Thus under one roof would be provided a magnificent memorial, and quarters for the housing of community institutions.

Unfortunately no comprehensive plan for the growth of the city has ever been undertaken. And in the absence of a civic center, in which such a building should properly stand, care should be exercised in the selection of the site, which should at once be prominent, accessible and possess, if possible, some local historical interest. The building and the site, then, could be studied with reference to the future development of the district, and with a view to its possible use as the central motif about which our future public buildings might be grouped.

The entire question of the proposed memorial possesses so many possibilities and offers such a wide field for suggestions and discussion that each citizen should avail himself of the splendid opportunities that are opened for a full discussion of the project. And when the best idea has been studied and developed, all should work in unison for its accomplishment in a big way.

SGT. J. C. BURCHINAL.

Ladies' Aid to Meet.

The Ladies' Aid society of the M. E. church, south, will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. John Phillips in Fourth street.

Misses Ethel and Winna Reed are in Washington, having left for that city Monday evening. While in that city Miss Ethel will consult an eye specialist.

CHILD BEATER WAS CAUGHT LAST NIGHT

Policeman Williams Contributed Importantly to His Apprehension.

Joe Frazier, father of the small boy at Cook hospital who was beaten by him so unmercifully some few weeks ago, was caught and arrested last night about 10 o'clock. Policeman Williams did some good work in rounding up this child-beater. For some time work has been going on through the efforts of the Salvation Army to secure the apprehension of this man but not until last night was he caught. Frazier received a letter from Policeman Williams a short time ago regarding his child at the hospital and suggesting that he come to see him. Frazier decided the letter was written in good faith and yesterday visited Cook hospital. Miss Leatham, head nurse there, immediately called Captain O'Brien and he, together with officers got busy. As the crime was committed in Harrison county, a warrant had been obtained from Sheriff Glover asking that he appear at once at the sheriff's office, brought the response that he could not be arrested without a warrant. "We've got the warrant all right," was the answer. Frazier is now in jail under a very serious felony charge—that of perhaps injuring his three-year-old son to such an extent that he may not walk for a year and perhaps longer. When the baby, Roy, was first brought to the Salvation Army Day Nursery by Miss Nola McKinney, he was pitiful indeed. He was emaciated, very weak and in such a state through abuse, that he could not eat. Though his small body craved nourishment, he was put instantly to bed by sorry, careless hands and the next day taken to Cook hospital where he has been ever since.

John James Mullins Dies of Pneumonia

John James Mullins, a B. & O. freight conductor, residing at Kingmont, died this morning at 3 o'clock of pneumonia. He was aged 32 years and was unmarried. His sister, Mr. John Pyper, of Newark, Ohio, and her husband were with him when he died. Mullins had been employed in the local yards for the last twelve years, and had a wide acquaintance, particularly among railroad men.

The body will be taken to Newark tonight, leaving at 6 o'clock, accompanied by Mr. and Mrs. Pyper. Interment will be made there. Undertaker R. C. Jones in charge.

Democrat Served in Congress Wrongfully

(By Associated Press)
WASHINGTON, Dec. 4.—James Wickham, Republican, was elected Alaska delegate in 1916 by a plurality of 47 votes over Charles A. Sulzer, Democrat. The House Election committee formally reported today in deciding the contest. Mr. Sulzer obtained a certificate of election after court litigation in 1917 and since then has occupied the seat.

VACANCY AT POSTOFFICE.

The United States Civil Service Commission announces that an open competitive examination for the position of unskilled laborer will be held at Fairmont, W. Va., on December 19, 1918. A vacancy now exists in the position of laborer at \$720 per annum in the custodian service at the Fairmont post office. Application blanks may be procured from the secretary of the local board of examiners at the post office, and, when executed, should be returned to him with medical certificate on or before December 19, 1918.

PREPARATORY SERVICES.

A series of three meetings preparatory to the celebration on Sunday morning of the Lord's Supper will begin tonight at the M. P. Temple and continue through Thursday and Friday evenings. Dr. J. C. Brownfield, the pastor will deliver a sermon each evening. Persons wishing to unite with the church can do so at any of these sessions. The members of the congregation and the general public are asked to attend. Services will begin promptly at 7:30 o'clock.

SENATORS DISCUSS THE PEACE TREATY

Running Debate About the President's Terms Went on Today.

ASHINGTON, Dec. 4.—Action on the resolution of Senator Cummins, of Iowa, Republican, proposing that a Senate committee be sent to Paris for the peace conference, was postponed until tomorrow by the Senate Foreign Relations Committee today, after an executive session to discuss the resolution and hear Senator Cummins in his behalf.

Senator Frelinghuysen said the President's 14 principles were open to various interpretations and added: "The President should not on behalf of the American public make radical proposals until he is sure that they are endorsed by the people."

Senator Walsh, of Montana, Democrat, declared that lack of criticism, until recently, of the President's 14 terms, had justified general belief in their acceptability. Senators Knox of Pennsylvania, and Poinexter of Washington, Republicans, sharply dissented.

During the debate Senator Borah, of Idaho, Republican, introduced a resolution providing for publication of the peace terms as soon as agreed on, and for open discussion during consideration of the treaty in the Senate.

FIRST SNOW THIS

(Continued from Page One)

ted substantially down on fence rails and window sills and porches. This is the first time in nearly 20 years that we have not had snows, and some of them big ones, before the 15th of November.

The snow this morning was particularly beautiful, falling slowly through the air, and composed of flakes looking like small pieces of gauze. The old, old story that Mother Goose is picking feathers from her chickens, looked literally to be the case. Dry snow, such as this, settles easily and piles up much faster. A loose brick in the pavement on one of the side streets, covered very thinly with white, caused a number of people to utter exclamations of annoyance to ward noon. The brick went down all right under hurrying feet, but underneath was a nice, wet pool of mud, which splashed instantly over clean shoes, trousers and skirts. "We need snow now here," was the remark made by several.

Small, smooth leaved shrubbery caught neat fny piles of white, and at a short distance they resembled small snow-covered hills with doll portions of ice cream.

Rubbers and umbrellas started out with the snow this morning, but weariness discovered that instead of the first snow being wet and disagreeable, as is usual, it was not at all unpleasant. Rather was it delightful and good to see.

Last year the first snow fell here on Friday, October 12, when a series of blizzards, lasting from five to seven days, occurred. The first real snow occurred, Wednesday, October 24, when about three inches fell. Today's snow does not amount to much, but it has turned the landscape white.

The Monongah Division of the B. & O. continues to recover from the effects of the "flu" at Connsville. The cases have become so few on the increase that the B. & O. at Connsville has ceased to keep a record of the new cases.

There were 331 carloads drawn east of Grafton on the B. & O. yesterday, which is a fair showing. Power of the B. & O. continues to improve said U. S. Williams, local representative of the United States Railway Commission, with offices in Fairmont. The repair and the local repair shop's force has been bolstered up by the newcomers, who dropped into town several weeks ago.

Division of coal eastward over the F. M. & P. branch of the B. & O. via Connsville has been averaging almost 100 cars daily. Yesterday exactly 100 cars sent that way. On Sunday there were 101 and Monday 50.

United Mine Workers. H. P. Peters, organizer, began today to direct the work of the Fairmont office of the United Mine Workers, while President C. F. Keeney is absent from the city. He takes the place of Sam Ballantyne, who will be retained in the office to assist Mr. Peters in an advisory capacity for the present.

Sam Ballantyne, of Albion, Iowa, here for hospital work rather than home to house visitation as is wanted in the several infected areas in the region. Hopes are entertained however that the nurses might be secured before the close of the day.

TOOK JOY RIDE IN ANOTHER MAN'S CAR

Three Men Are Now in Jail as a Result of the Escapade.

Last night an exciting chase up Locust avenue ended in the arrest of Clarence Evans and Tom Keown, men working on the Riverstone power plant. These men have joined the constantly increasing list of auto swipers and unless Judge Hammond changes his mind, severe punishment is going to be inflicted upon not only them but all others of car stealing propensity. The car stolen yesterday belonged to G. D. Dalton, of Paragah's run. The car had been driven to Riverstone to work yesterday and left in a shed. Evans and Keown claim they asked to borrow it but Dalton states positively that he did not give permission for them to do so. At any rate, permission or no permission, the car was taken to Point Marion for the purpose of bringing back whiskey. Only five and one-half quarts of booze was discovered in the car when caught.

Officers, last evening, while considering which way to go, saw the car go down Jackson street and immediately gave chase. After some swift riding the car and occupants were caught and brought back to jail.

The records show that this is the third time Evans has stolen a car—one each year since 1916. While investigating at the rooming house of Tom Keown, Sheriff Glover through adroit questioning, found out that Roy Cox, also a roomer at the house at 312 Madison street, gave Evans \$10 to buy him some whiskey. At the same time Cox was identified as the man for which a warrant is out, who stole some clothing some few months ago. Cox is also in jail, much surprised at the cleverness of the sheriff.

"Say, sheriff," he said, "How did you know I gave Clarence Evans \$10 for whiskey?"

Cox hadn't found out yet. Truth to tell the sheriff didn't know. He took a long chance and put the question to him. Cox fell for it.

COAL LOADING

(Continued from Page One)

2,374, teamtrack, 35, coke, 68; M. V. T. 9; n.e.c.x 25.

"Hoppers" are more plentiful in the Fairmont region today than they have been for some time on a Wednesday. There is a total of 2,374. The "hoppers" were also plentiful yesterday for a Tuesday at 2,496.

"Flu" Situation. While nothing startling has broken loose in the "flu" situation operators continue to keep watchful eyes at it's inroads. Effort to secure four nurses from Pittsburgh by the office of the Northern West Virginia Coal Operators' Association thus far have not been fruitful. It appears that the nurses desire to come here for hospital work rather than home to house visitation as is wanted in the several infected areas in the region. Hopes are entertained however that the nurses might be secured before the close of the day.

The Monongah Division of the B. & O. continues to recover from the effects of the "flu" at Connsville. The cases have become so few on the increase that the B. & O. at Connsville has ceased to keep a record of the new cases.

an international man, is ill at his home at The Fairmont, today.

James Diana, organizer, is at Gipsie today.

Joe Angelo, organizer, is at Mt. Clare, today.

B. A. Scott, organizer, is at Francis mine, Kilarm, today adjusting some matters.

"Mother" Jones, who is in Chicago now, is expected to visit Wheeling and later Charleston in the near future. No date has been definitely announced of her coming.

Isaac Scott, organizer, has gone to London, W. Va., because of the illness of his infant daughter, Ida, who is seriously ill with pneumonia.

Joe Angelo, organizer, was at Marshall mine, near Mt. Clare, yesterday.

A campaign is now being waged in the Kentucky bituminous field by the United Mine Workers. The Big Sandy river region is the scene of much activity on the part of the United Mine Workers. W. M. Petty, vice president of district 17, spot mine workers, is on the spot conducting the work. The United Mine Workers expect to secure 20,000 new members as a result of this membership drive in Kentucky.

Day's Loading. A total of 1019 loads were loaded on Tuesday. Of this number 938 went east and 81 west. Of the eastern traffic there were 924 coal and 14 coke cars and westward there were 64 coal and 17 coke cars.

Production Division. Brooks Fleming, manager of the production division, will probably leave New York City for Fairmont on Thursday, although this is not definite.

F. K. Day, assistant manager of the production division, will arrive here from Pottsville Pa., during the latter part of the week. Mrs. Day returned yesterday.

Production Inspector, George H. Richardson is in the Elkins section today.

To Return to Work. One hundred striking miners at Hardy mine of the West Virginia Coal and Coke Company, between Elkins and Belington, are expected to return to work today.

At Cumberland. E. D. Holden, manager of the traffic department of the office of the district representative of the fuel administration, is in Cumberland, Md., today. He will go down

the Romney branch of the B. & O. Are in Atlantic. According to a wire received today the Fairmonters who will represent coal interests at the meeting of the United States Chamber of Commerce, Atlantic City, N. J., arrived there last evening. Mr. and Mrs. C. H. Jenkins and Mr. and Mrs. F. J. Patton, compose the party, which is register at The Brighton. Messrs Jenkins and Patton attended the convention of the Spirit Coal Association in Washington yesterday.

Iner in Boston. Last night R. B. Isner, district representative of the fuel administration, went to Boston, Mass., on a business trip for his firm—The West Virginia Coal and Coke Company, Elkins. On his return trip he will stop off in Washington, D. C., where he will attend to some fuel administration business.

While away the local district representative office will be charge of H. K. Stouffer, field representative of Dr. Calloway, director of bituminous distribution.

Today's Report. The report made today to the office of the Northern West Virginia Coal Operators' association shows the following: Mines reporting, 176; mines down, 0; men idle, 20; tons lost in production, 200.

Off for Martinsburg. Tonight Attorney H. H. R. director of enforcement of the State Fuel administration, will leave for Martinsburg on a business trip. He originally planned to go there last night, but was detained in this city because of business.

Coal Notes. J. G. McSweeney, of Boston, of the New England Fuel and Transportation company, was in Fairmont yesterday.

Bituminous coal production for the week ending November 23 was 11,000,000 tons—a gain of 12.5 per cent over the previous week.

Hot roast turkey and everything good that goes with it at Presbyterian Bazaar, Dec. 5th.
